Celebrating what an amazing man you were

Take it Easy

The best person to speak it's really not me
But here we are standing at your favourite stretch of sea

Although you are gone and Maycot is to
So many memories we have are of here and of you
A weekend on the Island nothing you'd love more

A swim in the ocean and ice cream galore
My body's a temple that's what you'd say
That huge smile on your face as you strolled away
Cowes week The Woodvale a good pint of prawns
A walk back to the shack and the old spikey lawn
Cards in the summer house the spidery loo

So many laughs I've named only a few
To say we are proud of you . Well it doesn't come close
You always did handle things better than most

So Dad . Godders . Senior G
Take it easy now at your favourite stretch of sea

How loved you were

*Top man . Made so may people smile just by being himself
I'm so grateful to him for many reasons*

Tony was just a lovely man with an infectious smile

*I had the pleasure of calling Tony my friend
One of the loveliest people I've come across*

Tony always had a smile on his face no matter what he was going

*His laugh infectious
He was loud , my god he was loud*

Just a few of the amazing messages we had .
