Eulogy

Poem - The Amber Spyglass

*I will love you forever; whatever happens.
Till I die and after I die, and when I find my way out
of the land of the dead, I'll drift about forever,
all my atoms, till I find you again.*

*I'll be looking for you, every moment, every
single moment.
And when we do find each other again, we'll
cling together so tight that nothing and no one'll
ever tear us apart.*

*Every atom of me and every atom of you.
We'll live in birds and flowers and dragonflies and pine trees
and in clouds and in those little specks of light
you see floating in sunbeams.*

*And when they use our atoms to make new
lives, they won't just be able to take one,
they'll have to take two, one of you and one of me.*
