

It was at the farmhouse, where she first began making her amazing jams and marmalades. People came from miles around to buy Jean's jars of preserves out of her basket on her doorstep, dropping their coins into her little honesty tin.

Another hobby that Jean enjoyed was knitting. She could knit anything, even jumpers for Nicola and Nathan with their pet horses on. She'd knit for everyone in the family, especially the new editions. So was thrilled when she became Grandma to Georgia and Ralph-those knitting needles never stopped.

After thirty one years of working in the Toby Jug , Jean and Frank sold their business. Jean absolutely loved babies. So following her passion, took on Waring's, a nought to two and christening wear specialist shop in Ashton, where she was surrounded by beautiful babies all day long-she loved it.

Following retiring from here, she enjoyed days out with Frank and her family, especially at the races, where she was sure to pick the winners on most occasions. Also, meeting up with her much loved friends and family for lunch and a catch up over a glass or two of wine.

Jean passed away at home on 19th March 2023 surrounded by her family. That is one Mother's Day that we will never forget. She was one of life's very special people and will always have a place in everyones heart. We will all miss her love and laughter and not forgetting-the sound of the clicking of those knitting needles.

Entrance to Chapel

“Chorus of The Hebrew Slaves” (Nabucco)
