*A thousand times we needed you
A thousand times we have cried
if love alone could have saved you
you never would have died
A heart of gold stopped beating
Two twinkeling eyes closed to rest,
God broke our hearts to prove he only takes the best.
we love you forever and more and memories will never die,
we will hold you in our hearts and forever in our lifes.*

love Nelly, shauna shit face, Big Man

*A loving son, brother, lover, uncle, father, grandad and friend you made them all, you brought the jokes, the happiness, tears, guidance, love, torment, and life into this world.
you have touched so many hearts in so many ways, and have made so many memories we cannot replace.
now its time to spread those wings as your new life begins you have fun up there and send our love .*

APPRECIATION

THE FAMILY WOULD LIKE TO THANK YOU ALL FOR YOUR
KIND SUPPORT DURING THIS TIME OF SADNESS.

Following this service please respect the family wishes and share further memories at your own accord as at this time we would like to mourn our loss in our own special way and not with the illness that has taken him away....
