

Dear Barney,

Welcome to our little tribe.

You have always held a special place in our hearts since you and Dani met in Thailand many years ago. Little did we know that from your wonderful friendship and beautiful music, love would blossom between you and that today we are blessed to be welcoming you as our very adorable Son-in-Law.

We are so very proud of your unbelievable talent, hilarious one-liners and above all your kind heart. Together you bring so much joy, light and love into all of our lives and so much fun into our home. Nothing gives me more pleasure than listening to you two chatting away upstairs like two peas in a pod. I've never heard Dani laugh like that. I've never seen her soul so at peace. Thank you. Thank you also for showing her the true meaning of love and commitment and bringing so much calm and contentment to her days. It's been so moving to see your love blossom and her world become complete.

Please take care of my precious little girl, who from the day she was born, filled a huge gap in my heart. Her beloved grandmother, Sylvia left us before she was born. Dani helped heal the huge void that she left. I am forever grateful for the wonderful, loving Mother-Daughter relationship we now share and I know my Mum, like me, would have been so so proud of the sensitive, caring, wise, loyal and loving woman she has become.

Now it's time for you to build your own little family and safe haven for one another. When life gets in the way always remember to be patient and understanding with each other. Always listen intently and keep that laughter alive. Keep making your song babies. Tell each other you love each other every day and hold each other's hand tightly during your journey together in this weird but wonderful world.

Above all be grateful for the amazing love and companionship you share. Its a very special blessing, and so so rare.

And always remember if you ever need us we will always be here to support you.

Love you both always,

Your very proud Mama-in-Law,
Denise

The moment I wake up
Before I put on my makeup
I say a little prayer for you
While combing my hair now
And wondering what dress to wear now
I say a little prayer for you

Forever and ever, you'll stay in my heart
And I will love you
Forever and ever, we never will part
Oh, how I love you
Together, forever, that's how it must be
To live without you
Would only mean heartbreak for me

I run for the bus, dear
While riding I think of us, dear
I say a little prayer for you
At work I just take time
And all through my coffee break time
I say a little prayer for you

Forever and ever, you'll stay in my heart
And I will love you
Forever and ever we never will part
Oh, how I'll love you
Together, forever, that's how it must be
To live without you
Would only mean heartbreak for me
