MOBILE: 07950 118880

In January, Jovian and Evelyn made the very difficult decision to move Stephen (92) into full-time care at Chapel Fields, a Christian care home in Frodsham.

After two bouts of pneumonia and a long hospital stay in 2022, Stephen suddenly began getting much weaker, both physically and mentally, and it made the possibility of Stephen living alone and managing independently again extremely challenging.

We knew that round-the-clock care would be the best option for him going forward, and we are happy to say that over the last few months, Stephen has settled in wonderfully as part of the Chapel Fields family. All the staff at the care home look after Stephen fantastically well, provide him with fun and friendship, as well as offering him opportunities for worship and celebration.

Chapel Fields welcomes visitors at any time, if you are ever in the area and would like to pop in and visit Stephen. He would love to see you!

With our heartfelt thanks for your continued friendship and love for Stephen over the years,

Jovian and Evie x
