When tomorrow starts without me
And I'm not here to see
If the sun should rise and find your eyes
Are filled with tears for me
I wish so much you wouldn't cry
The way you did today
While thinking of the many things
We didn't get to say
I know how much you love me
As much as I love you
And each time you think of me
I know you'll miss me too
But when tomorrow starts without me
Please try to understand
That an angel came and called my name
And took me by the hand
And said my place was ready
In Heaven far above
And that I'd have to leave behind
All those I dearly love
But when I walked through Heaven's gate
I felt so much at home
I can look over and guide you all from my golden throne.
So when tomorrow starts without me
Don't think we're far apart
For every time you think of me
I'm right here in your heart

“When robins come to greet you”

When robins come to greet you, when feathers fall at your side, take
these as my messages, I am your Angel guide.

When the rain touches your skin, when droplets fall of snow,
just know that I'm right there with you, I didn't want to go.

When rainbows form above you, when the sun kisses your face,
look for me in new ways, I am not the empty space.

When my song comes on the radio, when my scent grazes your nose,
when blossom springs from trees, when new flowers start to grow.
I'll be the wind as it whispers, my message in your ear, so many little
signs I'll send you, so that you can feel me near.

So look for me in new ways, the moon, the twinkling stars,
and just know that although you cannot see me, I'm never really far
