

Thank you
Julia & Richard | 23.07.22 | Freiburg

Almost as frightening as it being nearly a year ago since our wedding is the time it has taken us to send this thank you card .

As we reflect back on that warm Freiburg weekend, we are incredibly grateful for your tremendous effort to be there. Your company and warmth helped to make it a really special couple of days.

From house moves to new jobs, from new cities to new nurseries,, the months post-wedding have been 'fun' (read: wild), but fulfilling too. Our first wedding anniversary will be a welcome moment to pause and take stock!

With love and best wishes,
