Poem by Adie

The endurance of a
mountaineer,
He climbed Everest by driving
to work

Not afraid to call us out
Not afraid to grab a life perk

An engineer's mind in a
tetraplegic body,
Interested all the way

The humour of the wise and
knowing
And knowing when not to say

Careless and caring,
He taught me to appreciate

To grab life's little moments
To reach out and not to hate.

Many Rivers to Cross - Jimmy Cliff
