***The Celestial Dance***  
*By the Wandering Paddy*

She's dancing in the stars, so free and bright.  
Her spirit takes flight in the darkest night.  
Among the galaxies, she finds her grace.  
A celestial dance, a heavenly embrace.  
No longer bound by earthly woes and fears,  
she glimmers above through the cosmic spheres.  
Her radiant energy forever aglow in the vast expanse.  
Where dreams ebb and flow.  
She pirouettes with comets side by side,  
leaving trails of stardust, a cosmic guide.  
Her essence lingers, a celestial art,  
a reminder of love that never will depart.  
And when you are lost in the shadows alone,  
look up to the stars where her light has flown.  
For in the depths of the Universe, it's known  
Her guiding glow whispers, "lights! Guide you *home*"

***A Gaelic Blessing***  
*May the road rise gently at your feet:*  
May the sun shine warmly upon your face;  
May the wind be always at your back;  
May the rain fall softly upon your fields.  
And until we meet again,  
May God hold you in the palm of His hand.
