Bach Brandenburg Concerto #3 in G major

[i carry your heart with me(i carry it in]

BY E. E. CUMMINGS

*i carry your heart with me(i carry it in
my heart)i am never without it(anywhere
i go you go,my dear;and whatever is done
by only me is your doing,my darling)*

*i fear
no fate(for you are my fate,my sweet)i want
no world(for beautiful you are my world,my true)
and it's you are whatever a moon has always meant
and whatever a sun will always sing is you*

*here is the deepest secret nobody knows
(here is the root of the root and the bud of the bud
and the sky of the sky of a tree called life;which grows
higher than soul can hope or mind can hide)
and this is the wonder that's keeping the stars apart*

i carry your heart(i carry it in my heart)

Every Part of Me
Song By Steve Earle

*I love you with all my heart
All my soul and every part of me
It's all I can do to mark
Where you end and where I start you see
I've labored long in my travails
And left a trail of tears behind me
Been in love so many times
Didn't think this kind would ever find me*

*I love you with everything
All my weakness all my strength and
I can't promise anything
Except that my last breath will bear your name
And when I'm gone they'll sing a song
About a lonely fool who wandered
Around the world and back again
But in the end he finally found her
And I love you with all my heart
All my soul and every part of me*

*Across the universe I'll spin
Until the end and then I wonder
If we should get another chance
Could I have that dance forever under
Double moon and scarlet stars
Shining down on where you are
And I'll love you with all my heart
All my soul and every part of me*
