

Tribute To Barbara

Barbara was a loving, strong mother to Donna, Jacqueline, and Steven, and the head of a large and growing family. She was very protective and loyal, still visiting her parents' grave at the age of 84. Barbara loved sharing stories from the past and her childhood years.

Her loving smile was warm and welcoming, and the love she had for her family is what kept her going. Barbara was brave and full of adventure, always willing to try new things, she wanted to do skydiving but as a family we surprised her instead, with a helicopter ride, which she excitedly accepted and thoroughly enjoyed. Barbara's home was a central hub for her family, full of love and support. Our

fondest memories of her are at the kitchen table, sharing a cup of tea and a slice of cake.

Barbara leaves behind a large family and an empty space in our lives and hearts.
