WELCOME AND THANK YOU

from Tara and Tanya

Thank you so much to all of you for coming today and for the kindness and support you have shown us and our families since our Dad died.

Despite having been unwell over the summer, his death still came as a huge shock to us , and we know you have shared this feeling too.

We hope that this service today, which whilst obviously in many ways will be sad and painful, can also be a celebration of his life. A life that dealt him far more than his fair share of challenges, and yet despite these, a life which he lived full of passion, love and laughter.

We hope this service is a true tribute to him and is a chance to include and remember some of his favourite interests and people in his life.

It was our Dad's own wish that anyone who would like to donate in his memory do so please to Diabetes UK and as such we have set up a giving page in his name:

NANCY

I also loved spending time with Grandpa at Hayling. I especially loved having my birthday parties there with him.

I will also really miss talking to him about my dancing.

NED

My favourite things to do with Grandpa were when he came to my house. We watched interesting documentaries together and played "Frustration".

*Thank you all for your
kind support during this time of sadness.*

Refreshments will be served after the service at:
