MUSIC ON ENTRY:

This song has been chosen by Stephen, now that he is at peace and ready for his final sleep.

THE MEANING OF STEPHEN

Stephen comes from Old English and has origins going back to Ancient Greece. The name means wreath or crown and is related to honour, fame and rewards.

The contemporary meaning has a more Christian cultural influence and the name has become strongly associated with bravery, leadership and self sacrifice.

TRIBUTE TO STEPHEN

Read by Beryl Nunn on behalf of the family

***MUSIC ON REFLECTION &
VISUAL TRIBUTE:***

***This song has been chosen by Stephen to make you smile
when you remember him with laughter and happiness.***

***FROM MUD, THROUGH BLOOD
TO THE GREENFIELDS BEYOND***

A tankies pride will never fade,
because from mud and grit we are made.

With berets blacker than the dark of night,
through blood we march into the fight.

Forged in steel is our bond, rest easy
now to greenfields beyond

MUSIC ON EXIT:

***This song has been chosen by Stephen as his final
tribute to Pam; his world and soul mate.***
