CLOSING WORDS

Smiling is Infections

By Spike Milligan

Smiling is Infectious
Smiling is infectious,
you catch it like the flu,
When someone smiled at me today,
I started smiling too.

I passed around the corner
and someone saw my grin.
When he smiled I realized
I'd passed it on to him.

I thought about that smile,
then I realized its worth,
A single smile, just like mine
could travel round the earth.

So, if you feel a smile begin,
don't leave it undetected,
Let's start an epidemic quick,
and get the world infected.
