SERENE REFLECTIONS

Author Unknown
(read by Amber Polhill)

Amidst the waters, still and deep,
Lotus rests in peaceful sleep,
Its presence, a tranquil keep,
In its calm, reflections seep.

In each petal, serenity's trace,
Harmony with nature's grace,
Lotus in its gentle space,
Brings quiet to life's hectic pace.

Mirrored in the water's face,
The lotus lies in soft embrace,
In its calm, a hiding place,
For hearts seeking solace's grace.

BURIAL

Dave: Nellie, for your constant loving and welcoming nature

All: 'We thank you'

Dave: For your warmth and both the supportive and caring
environment you helped nurture

All: 'We thank you'

Dave: And into the warmth of the earth, the dance of the stars

All: 'We release you. Your presence will be hugely missed'
