

9 Two are better off than one,
because together they can work
more effectively. 10 If one of
them falls down, the other can
help him up. But if someone is
alone and falls, it's just too bad,
because there is no one to help
him. 11 If it is cold, two can sleep
together and stay warm, but
how can you keep warm by
yourself. 12 Two people can resist
an attack that would defeat one
person alone. A rope made of
three cords is hard to break.
