FORMAL INVITATION TO FOLLOW

## A NOTE

*We are so excited to celebrate our wedding with you, and we'd love for you to please save our date!*

*As we have so many loved ones on either side of the Atlantic, we have extended our festivities to two dates in two locations.*

*There is absolutely no pressure or expectation for our guests to attend both events; though you are of course more than welcome to.*

*We can't wait to spend our special day with you – whether that's in the US, the UK, or both.*

*Formal invitation to follow; more information can be found at [www.jackandshana.com](http://www.jackandshana.com).*

*With love from,*
