*Opening Words of Welcome*

*My name is Emily and on behalf of Pop's family, welcome and thank you for joining them as we celebrate his life today. Pop himself would probably be feeling quite humble at this moment and wondering what all the fuss is about, but you are the people lucky enough to understand why his life needs celebrating today. You know what a loving, kind, funny and inspiring man he was and he will have brightened all of your lives with happiness and his infectious smile. You shall hear the story of his life, tributes from family, along with music that he enjoyed. Please feel free to smile, laugh and cry as you remember the best of Pop and all that he meant to you.*

*After the ceremony, you are all warmly invited to The Red House in Purton to share some of your own stories and raise a glass in Pop's honour. As you leave, you will see a box for donations. Any donations made today shall go to Alzheimer's Research UK. You will also have the opportunity to write a message and sign a memory book for the family to treasure.*
