Our Little Fairy Tail...

Both Harry and Leila have always been adventurous which makes it unsurprising that they both wanted to join the Military.

In March 2018, Harry was posted to Goojerat Bks in Colchester, Leila was already serving there.

(Harry still had some hair back then)

In October 2018, Harry and Leila went adventure training in Germany. The pair spent a week rock climbing and getting to know each other.

(Leila asked for their first selfie, Harry reluctantly agreed)

On 14th December 2018, Harry turned 23, after some careful consideration Leila agreed to become Harry's girlfriend.

(Leila had one unnegotiable, she wanted to move back to the city that she loves, Portsmouth)

In January 2019, the happy couple were away skiing in Austria. One night on an empty ice rink with the snow falling around them, they both exchanged those three little words.

(This is one of Harry and Leila's Favorite memories)

In September 2019, Harry and Leila were Bali-Bound on their first holiday, not work related, together. They surfed, swam, burnt and released baby turtles into the ocean together.

(Hopefully Squirtle and Larry have made it to the Great Barrier Reef by now!)

On 5th September 2020, Harry and Leila move into their first place together, a flat in Southsea.

(Harry had no hair left on his head after this move)

On 29th June 2021, two became three. Harry and Leila bring home Sully, they finally found something that they love more than each other. (No, really!)

On 9th September 2022. Harry and Leila move into their second property together but their first house. Most importantly Sully has much more room to play.

(Leila has no idea what Harry is up to...)

On 15th December 2022 Harry had taken Leila away for a surprise birthday treat to Budapest, little did she know that her family were waiting in the wings to celebrate the couples engagement. Harry pulled out all the stops and proposed to his best friend.

(Of course Leila said yes!)

Our story continues, thank you so much for being part of it!
