Entry of Coffin
How Great thou Art - Foster & Allen

Opening Prayers by Reverend

Martin was born at Cross Lake, County Mayo in the west of Ireland a Husband, Father, Grandfather, Cousin, Uncle to many.

He was a great Family man with unseen riches, his true riches were deep in his heart, soul and spirit.

He was known by many including strangers, to be kind, funny and had a generosity that shone beyond measure.

His passion for his Accordians and accordian music never dimmed, he played with all his heart and soul and loved singing songs of dear old Irealnd.

He would offer his last fiver because he never really put himself before anyone but always thought about others and did what he could to bring them laughter or just a smile.

He always said "I came into this world with nothing, I will leave with nothing"

Time was more important, spending around people he loved and chersihed, going out in the open where rivers oceans and lakes existed.

God allowed him to share this Journey called life for almost 75 years, may we be thankful and pray he his now resting in the hollow of Gods Hands in eternal peace, untill we meet again xx
