Long ago
Just like the Hearse you die to get in again
We are so far from you
Burning on
Just like the match you strike to incinerate
The lives of everyone you know
And what's the worst you take
From every heart you break?
And like the blade you'll stain
Well, I've been holding on tonight
What's the worst that I can say?
Things are better if I stay
So long and goodnight
So long and goodnight
Came a time
When every star fall
Brought you to tears again
We are the very hurt you sold
And what's the worst you take
From every heart you break?
And like a blade you'll stain
Well, I've been holding on tonight
What's the worst that I can say?
Things are better if I stay
So long and goodnight
So long and goodnight
Well, if you carry on this way
Things are better if I stay
So long and goodnight
So long and goodnight

***Black Heaven
Creeper***

Death for pleasure, live forever, give yourself to me
Bound together, hands are tethered

We exist in oceans in between
Through the window, dreams will depart
And break your stained-glass heart

Die, die for me, you said you would, you promised me
Let's take a life, let's agree to make our home
In black heaven

A head to sever in winter weather, give yourself to me (give yourself
to me)

Apply the pressure, consume the flesh
And fire-walk across all time with me

You love a spectre, a handsome mentor, who's barely there at all

Die, die for me, you said you would, you promised me
Let's take a life, let's agree to make our home
Black heaven

All hail the original sinner
Black heaven, black heaven
Hail Mary and the Holy Ghost
Black heaven, black heaven

God's kingdom will come crashing down (eyes wide shut)
Black heaven, black heaven (and chained up to the dark)

All embrace annihilation (un-take my life)
Black heaven, black heaven (unbreak my stained-glass heart)
All hail the original sinner (eyes wide shut)

Black heaven, black heaven (and chained up to the dark)
Hail Mary and the Holy Ghost (un-take my life)
Black heaven, black heaven (unbreak my stained-glass heart)
God's kingdom will come crashing down (eyes wide shut)
(And chained up to the dark)

All embrace annihilation (un-take my life)
(Unbreak my stained-glass heart)
