*We are here, we're all alone in our own universe,
We are free, where everything's allowed and love comes first,
Forever and ever together, we sail into infinity,
We're higher and higher and higher, we're reaching for divinity.*

A Sky Full of Stars - Coldplay

*Geniuses of countless nations
Have told their love for generations
Till all their memorable phrases
Are common as goldenrod or daisies.
Their boys have glimmered like the moon,
Or shimmered like a summer moon,
Stood like a lily, fled like a fawn,
Now the sunset, now the dawn,
Here the prince in the tower
There the sweet forbidden flower.
Darling, when he looks at you
Every aged phrase is new,
And there are moments when it seems
He's married one of Shakespeare's dreams.
Reprise - Ogden Nash*
