Words of Welcome

Peom for Nanny - Gail

Kind, caring and loving
Always putting others first
Whether that's your family
Or others when you were a nurse

The garden was your happy place
Whether in England or Spain
Travelling the world with grandad
By cruise boat or by plan

From thimbles to beautiful dolphins
And making fizzy jelly
I'll remember Christmases in Southampton
Watching reruns on the tele

Teaching us bits of Spanish
Chinese restaurant and lizard drinks
Having a supply of cashew nuts
You were the rock, the family link

Reunited with your love in heaven
Up high in the sky
Grandad is waiting for you
Hand in hand you will fly

And now you're looking down on us
And are with us every day
Best wife and best mother
Best Nanny in every single way.
