A Little Note From Us

We would like to take this time to thank our friends and family for joining us on our special day.

Today marks the beginning of our life together, but I don't think either of us realised we'd be stood in front of all of you over 9 years later when we first met in a grey office just off Gelderd Road in 2015.

They say time flies when you're having fun, and it's true - it doesn't feel like two minutes since that moment. Over the years, we've both gained extra families, dear friends, managed to build a home in Morley and now share our lives with Billy.

Your presence here today, and the distances you have travelled to celebrate with us is an honour. We are extremely fortunate to be surrounded by so many loved ones.
