Memories of our Dad - *You were there....*

While your memories were lost forever in your mind, they were not gone from ours.

We remember our childhoods to be happy years, you shielded us from worries and made sure that life was fun ***You were there....***

You were a fixer of many things, a clever man some would say, when our cars needed fixing, or our bikes needed mending ***You were there....*** though I'm not sure about Stephen's Sinclair C5, but ***You were there....***

Mum said she wanted a new kitchen and extension on the house, leave it to me you said, many weeks - perhaps months "voila" a new kitchen which you built from mahogany-reclaimed-a trend not so prominent in those days - maybe it was you who started it 'Our dad'...***You were there....***

You had a slightly devilish sense of humour - you found it funny to flick us with a tea towel - boy it had a sting to it - you found it funny to squeeze our knees - that hurt a bit too - but we just laughed and ran away .. ***You were there....***

We had weddings and parties ... ***You were there...*** supporting and paying!

When mum needed to use a wheelchair for outings - ***You were there...*** sometimes acting the fool - much to mums disgust - a photo in the reflections says it all!

You were there... for mum on her many hospital stays, constantly by her side, all day in most cases, kicking up a fuss if she didn't get the attention you thought she deserved.

Your last years were spent in care and you became a very popular character with carers, residents and visitors, as you walked around singing and whistling.

You were a kind man, a generous man, a clever man, a funny man but above all else you were our dad...***You were there..***

We will miss you and love you forever, now go rest with mum and Jen, say high from us....until we meet again...beloved Husband, Dad, Brother, Grandad, Great-Grandad and Uncle. xxxxx
