"The Care Worker Poem"

I wake them up, I get them dressed,
I brush their hair so they look their best,
I make their bed and wash their clothes,
The little things that no-one knows,
I hold their hand when they are scared,
I talk to them when no-ones there,
I give them a friend when they are alone,
I treat them like family, one of my own,
And when it's time to save a life,
I keep my heart strong and hold my head high,
I wait 'til its over, when everythings done,
When the house has gone quiet, the emptiness comes,
So please don't judge me, when you think I don't care,
I look after your family, when you are not there.

In the words of Florence Nightingale
"Live your life while you have it"
