## ***NANNIE***

In the warmth of your embrace, I find my home,  
My dear Nannie, with you I've grown.

With stories and wisdom, you've filled my days,  
A love that's unwavering in so many ways.

Your kitchen's a haven of love and delight,  
With your special tiramisu, you make everything right.

In your gentle words and loving embrace,  
I've found a haven, a confronting place.

Through the years, your love has shone so bright,  
Guiding me with your wisdom and light.

Dear Nannie, in my heart, you'll forever be,  
A treasure of love, a part of me.

## ***THANK YOU***
