Nanas Embrace

In the garden of memories, where whispers dwell,
Lies the story of nana, we remember so well.
Her laughter, a melody, like a gentle breeze,
Her smile, a sunshine that forever puts us at ease.

In every stitch of her quilt, in every recipes taste,
Lives her wisdom, her love- none of it to waste.
She taught us of kindness, of courage, of grace,
In the warmth of her kitchen, a most comforting place.

Her stories were magic, her hugs, a soft embrace,
In her eyes, a sparkle, no time can erase.
Though she's dancing in the stars, beyond the blue sky, her spirit
surrounds us, it never says goodbye.

In quiet moments, we feel her near,
Whispering courage in the face of fear.
Her legacy lives on, a guide through and through, in the little things
we say, in the good that we do.

So here's to nana, with love so deep,
In our hearts, her memory, forever we'll keep.
A beacon of love, so bright and so wise,
In the stories we share, her spirit never dies.

May her love be the wind that guides your way,
In each step, each breath, every single day.
In memories sweet, her love shall bloom,
A guiding light through the darkest gloom.

APPRECIATION

We would like to thank Cawood House for all the love, support and care they gave Aunty Sheila for the last 6 years. You gave Aunty Sheila high spirits and kept her smiling and safe, although we all knew how good Sheila was at spinning her one liners to visitors so she could escape the home for a brew. Once again, we cant thank you enough for your love, care and support.

Love from Aunty Sheilas Family

We'll remember her as a loving mother, nana, grandma, great grandma, great great grandma, aunt and friend.
