### ***ME 4 U 4 ME***

Second best you never was.  
To you, that's how it may have appeared  
But I can assure you...not to me.  
You believed I wanted you kept a secret  
As I tried to be discreet  
With the pace and direction of our union,  
To solidify our foundation,  
To leave you in isolation  
Would never be my intention,  
Your protection was, and is my mission  
So to you I'll give my submission.

From that first day I felt our shared attraction,  
That deep soul-touching connection  
Like poetry in motion,  
Grooving to our own vibration.

Some say everything good must come to an end,  
But in this relation  
There will be no other edition,  
There can be no separation,  
For you and I will be moving as one  
And in the same direction,  
Seeking the ultimate satisfaction,  
Wow! What a combination.

**U 4 Me**

**Me 4 U**

**Our interaction, our opinion, our meditation  
Was the prediction, and how it was sanctioned from creation,  
In that garden at the cradle of civilisation  
Where Adam and Eve  
Strayed from expectation,  
And fell prey to temptation,  
You and I stood as icons of love,  
Devotion and perfection.**

### **LOVE**

**Some people believe love is a virtue  
And it's better to have loved and lost  
Than not to have loved at all.**

**For others, love is an illusion,  
A pit stop  
In a race to a painful dream,  
Only to be believed,  
But never attained.**

**In reality, at first sight  
We admire...and yes,  
We yearn for the pleasures of that  
Yet unknown love.**

**But the essence of love,  
Authentic love,  
Cannot be sensed in a glimpse  
Or in a fleeting, flirtatious moment.**

**Love is a feeling from the heart,  
From deep within,  
Love is...alive  
Love cannot be quantified  
With, or by words.**
