*Under a soft blanket of fallen leaves, safe in the hush of the
whispering trees*

I have come home.

*My time here on earth is now done, all the noise and the
clamour, the joy and the pain,
the powerful life force that drove me onwards has slipped
away into the quiet of eternity, and I am at peace.*

*From now on, I will dance through your memories threading
thoughts of love through your heart.*

*The pain of loss will gradually ease, and the sadness will
lift.*

*The days will be lighter, and the nights not so long, for I am
still here.*

*When you walk through this place, you will feel me in the
gentle touch of the breeze on your face, in the sunlight
dappling the forest floor,
in the murmur of the branches high above you,*

I am all around.

*I have returned to the place from whence I came,
to the elements that created me.*

*The earth that gave me the life I so loved
has now welcomed me back to her, to be at one with all her
beauty.*

*Here, under my blanket of fallen leaves I have found my
resting place.*

I have come home.
