THE WELCOME

Thank you all for being here for this small,
private memorial for Mum & Dad

Stanley McKessock

Born in Scattersburn Cottage, Mugiemooss, Aeberdeen
on the 15th August 1924, he was one of two children
A country lad who grew up with animals, as a teenager he worked
with horses then, in 1942 at the age of 18, he was called up as
World War II 'was happening'
He did his initial training with the Black Watch in Perth,
and then decided, after a few weeks of
training, to join the Royal Navy
"I thought it would be safer, how young and daft was I?"
(he always said this) and so began his navy days
off to Greenock, Scapa Flow, Iceland and Russia
on the treacherous Russian Convoys...
