Eulogy

By Jani

We are here today to say goodbye to a very special man.

My Uncle Roger.

I honestly did not think that I would be stood here today,
it's far too soon to be saying goodbye to you,
you had so much to live for.

When I think of you, I smile & my heart does too.
You were always so bright & cheerful, down to earth
& let's not forget, that great sense of humour.

You had such an amazing personality, always singing around
the house, you loved music, your guitars, you were so talented
both musically & creatively.

Roger could do anything he set his mind
to & so well, whatever it was.

I truly admired that.

He would often make something quite extraordinary
and gift it to those he cared about.

I know all of you here today will smile at that.

Roger & I were rather alike in many ways. but it was our love
for animals that made our bond even more special.

After he lost his beautiful Zoe,

I brought Pie into his life, with whom he formed a special
love & friendship. Roger always put him first, to the point of
wanting a little furry sibling for him for company.

I spent days and hours searching, then along came Chaz
to complete the family.

Sadly, after many, many happy years, Pie passed away.

Then a year or so later Chaz went to join him over
The Rainbow Bridge.

Roger could never be without a dog in his life, he just
wanted to give them so much love. When Buddy came along,
Rog was over the moon.

I know that all he cared about was for Buddy to be loved & looked
after. I promised I would look after him, he is such a sweet
boy & everyone loves him as much as I do.

So, Uncle Roger, I hope I am making you proud & I hope you know
how much we love you & miss you.

Until we meet again
God bless

Love You Always & Forever
Jani, Buddy, Mum, Barry, Puds, Charlie
& Your Dear Friends

Rest In Peace
Uncle Rog

I would like to thank you all for your kindness
& support at this sad time
& for being a part of Roger's life

I look forward to seeing you all later
for a small gathering to
celebrate his life
& to raise a glass to the heavens.
