

Message

From

Wedding Time Capsule

As we embark on our journey together as husband and wife we invite you to be a part of our love story in a unique and timeless way.

Turn this card over and share: a memory from today, your hopes and blessings for our future, or suggest an adventure for us to go on.

Once finished, place your card in the provided envelope, locking in your message for us to discover years from now.

Your card will be opened on the anniversary that matches your table number.

Your words will become treasured memories. Thank you for sharing our love story.

Magdalena & Joseph
