Poem

*In the quiet moments of the night, beneath the moon's soft glow,
I feel your love surrounding me, a warmth that helps me grow.
Your laughter echoes in the breeze, your wisdom in the air,
guiding me through life's rough seas, showing me you care*

*With every step I take, I carry you within my heart,
Your love a beacon in the dark, a light that will never part.
Though you've journeyed to a distant shore, beyond the reach of
your sight,
Your spirit dances by my side, guiding me with might.*

*In memories sweet and memories dear, I find solace in your
embrace,
For in those moments, you're still here, your love a saving grace.
So I'll bid farewell with gratitude, for the time we had to share,
Knowing that your love lives on, in every breath of air.*

*For a father's love is endless, a bond that can't be broken,
And though you've left this earthly plane, your legacy is spoken.
In every sunrise, in every star, in every beat of my heart,
I'll feel your presence, ever near, never shall we part.*
